Brass Forge Components

Brass Fittings & Fasteners

Infrastructure

We have Multiple manufacturing facilities spread across a combined area of 30,000 sq.ft. we deploy the latest technology & equipment to meet the highest quality standards. We have in-house CNC machines & other cutting-edge equipment to manufacture brass products with utmost precision. Every product at the production facility undergoes stringent quality control measures to ensure precision & perfection.

Product Details

- ◆ Brass Electrical Plug Pins & Contacts
- ◆ Brass Sheet Cutting / Pressed Parts
- ◆ Brass Cable Glands
- ◆ Brass Pressure Gauge Parts

Product Details

- ◆ Brass Male / Female Parts
- ◆ Brass Threaded Parts / Bush
- ◆ Brass Wire Strip Connectors

Brass Precision Components

Brass Inserts

Brass Electrical Components

Quality Control

At BHARANI INDUSTRIES, each & every component, be it big or small, undergoes a stringent quality inspection to set the benchmark in Brass equipment manufacturing & processing:

We are Certified with ISO 9001:2015 Company.

- ◆ Our quality & safety standards are constantly evaluated & upgraded to keep up with the latest & great market trends & demands.
- ◆ We have an in-house Quality Assurance team that not only assures the highest quality but also ensures the compatibility between the client's expectations and the final products specifications.
